

RebeccaDakin.com Mailchimp RSS campaign Report

Actions taken:

I have set up two new lists and cancelled the campaigns set up from IE and DAFM website feeds

No changes to your website or sign up forms are needed.

DAFM

When people sign up to DAFM list they get "10 secrets for approaching beautiful women" and then a new email each time you add a blog to the category "Dating Advice for Men" .

The email for this list is shown on the right, as you can see I have amended the sidebar to give further info about you and your work, plus the images are linked to RD website. I've also included your social media links

Other articles are shown at the bottom so that subscribers can see if any other topics interest them and they won't miss out on other posts just because it's not in the "correct category".

Hi, <<- Test First Name >>

Welcome to another "infidelity" post on our website. I hope you enjoy it plus I've also included links to other articles I think may interest you.

Thank you for your loyalty.

WHS

If people request sample of "Why husband stray" they go onto the WHS RSS Feed List and then receive a new email every time you post a blog with the category "infidelity".

Again, links to your social media and other blog posts are on there too. I have also included a section for the GFE book, embedding a link to go direct to the "buy the book" page.

GFE

I have not made any amendments to the already set up feed campaign for GFE as this appear to be working, as it should. If the GFE website is to be shut down then please advise then I will amend this as necessary

Recommendations:

At the current time no amendments are necessary on your website. I have subscribed to the relevant newsletters and will check back periodically over the next couple of weeks/days to ensure that they are running as they should.

If you have any queries or problems do not hesitate to get in touch.
